

*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Chief, St/PR

DATE: 3 April 1959

FROM : D/I - [REDACTED] 25X1A9a

25X1X6

SUBJECT: Requirements for [REDACTED] 25X1A9a

D/I would be interested in having a detailed review of any discussions with Soviet officials or professors regarding the problem of measuring industrial production, including differences in methodology between Soviet gross output indexes and U.S. indexes such as the Federal Reserve Index. Of special interest would be discussions of such problems as the effect of price and quality changes, multiple counting and inclusion of new production.
